- *Ventless, recirculates clean air, which eliminates the need for expensive exhaust*
- *Motor and electrical mounted out of air stream with plastic blower wheel*
- *High efficiency media filters with refillable adsorption modules*

*Superior technology generating substantial operating savings*

## MAXFLO PORTABLE BLOW OFF BOOTH

Diversified Air Systems, Inc. now offers an easy to use portable fume/paint booth. The MAXFLO-BOB is a totally self-contained portable filtration unit. Standard filtration consist of multiple pass polyester pre-filters followed by a MERV 14 (95% at 1 micron) box filter with final refillable charcoal module. Separate access door allows for easy access to filters. The motor is mounted out of the air stream with direct drive non-sparking blower wheel. LED light, on/off switch and wiring are all located out of the airstream. Just roll the unit to your job, plug it in and turn it on.
