Superior technology generating substantial operating savings

MAXFLO PORTABLE BLOW-OFF BOOTH

Diversified Air Systems, Inc. now offers an easy to use portable blow-off booth. The MAXFLO-BOB is a totally self-contained portable filtration unit. Standard filtration consist of multiple pass polyester pre-filters followed by a MERV 14 (95% at 1 micron) box filter with final refillable adsorption module. Separate access door allows for easy access to filters. The motor is mounted out of the air stream with direct drive spark resistant blower wheel. Florescent light, on/off switch and wiring are all located out of the airstream. Just roll the unit to your job, plug it in and turn it on.
